far as the region of Haute Chaux, and has suffered a new check. After a very violent bombardment and a barrier fire with asphyxiating shells, the enemy attacked with heavy force. Five different regiments of the sixteenth corps having already been identified.

"At certain points where our line has momentarily been bent, energetic counter attacks stopped the progress of the enemy and compelled his retirement."

"Between the Meuse and the Moselle the German continued, particularly in the forest of Apremont and Le Prétre forest, where the German forces, the check of a new attack last night, have not renewed their attacks."

"Between Fay-la-Belle and the forest we have gained ground by engagements with grenades in the trench."

"The communication issued in the afternoon follows:

"In front of our positions at the 'Lebrun' a German attack, which was completely stopped last night under the protection of our machine guns. The assailants were decimated and completely thrown back upon their lines."

"There was a combat with hand grenades and hand bombs in the forest of Apremont in the region of Regnière, on the east bank of the Ficht at Boncourt. The German forces were repulsed."

"An aerial squadron of thirty-five aeroplanes, in spite of a wind blowing

forty miles an hour, this morning bombarded the railway station strategically established by the German forces. The German forces were repulsed. This station served the region of the Chaux, and was a very important point of communication."

"Very important stores of munition, were concentrated there. Our bombs of ninety-kilograms each, the bombardment started several fires. The German forces retired, although they had been violently annihilated."

BARBECUE IS ENJOYED BY GEORGIA EDITORS

Members of Weekly Press Association Visit Brunswick and St. Simons Today.

Eastman, Ga., July 13.—(Special.)—The second day of the Georgia Weekly Press association has proven to be a busy one for the editors. The morning session was called to order by President McCutcheon at 9 o'clock, and after the roll call, applications for membership and statement of new members were finished. Royal Daniel of the Quitman Free Press, delivered an address on "The Way and the Wherefore of the Press and the Perplexities and Pre-requisites of Newspaper Making and Maintenance."

Following the address of Mr. Daniel, Monroe Oppenheim favored the members of the press with a solo. J. Kelly Simmons, editor of the Telfair Enterprise, read a paper on foreign advertising and how to handle it. "Office Larks and How to Stop Them" was ably discussed by W. T. Anderson, of the Macon Telegraph. J. E. Shannon, of the Commerce News, and others.

Following the morning session, the editors were given an automobile ride to the entrepot cities of Milledgeville and Helena, where these two cities had prepared a barbecue fish fry and luncheon. They returned by way of Jay Bird Springs and continued to the appropriate souvenirs were provided by the proprietors.

Tonight a reception was tendered the editor and the wives at the handsome home of Mrs. Theodore Edwards. Music was furnished by the Brunswick orchestra, of Macon. At a late hour cream and cake were served and the guests departed after having spent a most delightful time.

Wednesday's session will consist of reports from the outstanding committees, selection of the next meeting and election of officers, after which the editors will leave for Brunswick and St. Simons, where they will enjoy boat and beach bathing.

RIVERSIDE ACADEMY POSITION ACCEPTED BY PROFESSOR KING

Gainesville, Ga., July 14, 1915.—President Sandy Beaver, of Riverside Military Academy, announced today that he had closed a contract with Professor Paul J. King, of Decatur, Ga., whereby Professor King would be associated with the Donald-Fraser school at Decatur for years, and here to accept a position on the faculty of Riverside Academy.

Professor King is one of the best known educators of the south. He is alumnus of the University of Georgia, Davidson college and Washington and Lee university, leaving the last named institution ten years ago to engage in educational work.

Professor King was for four years the head of the department of English and Bible at the University of Virginia, and owner of the boarding department of the Donald-Fraser school at Decatur, to the fact that he did not have at Decatur available and modern dormitory facilities he concluded to merge his school at Decatur with the Riverside Academy, where he has found ideal conditions both in equipment and environment.

This is one of the most important changes in preparatory school circles in the south, and the fact that Riverside is being congratulated upon securing the services of Professor King.

"BUY A FLAG" TODAY AND AID SUFFERING PEOPLE OF EUROPE

With Mrs. Albert E. Thornton as chairman, a bevy of Atlanta's prettiest girls and young ladies will this morning in the streets of the city today selling little tri-color celluloid flags, the proceeds from which will be sent by Dr. F. E. May, executive secretary of the Georgia War Relief Committee for France and Her Allies, to the suffering women and children of France.

Headquarters for the sale have been placed at the Piedmont hotel and the young ladies will stop every passer-by and request that he or she buy a flag, and explain what they see fit for the cause.

Dr. May has provided 10,000 of these flags and states that he feels sure Atlantians will realize the cause for which they are being sold in a worthy one, and will take all of the 10,000 before noon.

The "Independence Day" of France is on Wednesday, July 14, and that day is the national holiday of the country just as July 4 is the day celebrating the signing of the Declaration of Independence in America.

On account of the similarity of the history of France and of the United States, Americans should feel a peculiar interest and added solicitude for the French who are engaged in the midst of war at the present time, according to Dr. May.

"Buy a Flag" will be the slogan and no one will be "up to scratch" if they are not wearing the tri-color today.

SUBJECTS ANNOUNCED FOR SPECIAL SERMONS

The first of a series of sermons on the fall of the great cities and empires of the world will be given by Dr. Thornwell Jacobs Sunday morning at the Central Congregational church. His sermon will treat of Babylon, including Nineveh and her empire.

Dr. Jacobs has secured valuable information and suggestions from prominent business men concerning Atlanta. It will be his effort to connect the historical background by comparing the conditions of ancient cities with modern ones and to point out the dangers that confront Atlanta and the church morally as well as politically.

The subjects and dates for the other sermons are: Threes and Memphis, including ancient Egyptian empire, July 25; Suez, including the Persian empire, August 1; Athens, including Greece and her empire, August 15; Rome and her empire, August 22; and Constantinople and the eastern empire, August 29.

AUGUSTA WILL BUILD FREIGHT TERMINALS

Augusta, Ga., July 13.—(Special.)—Council by vote decided yesterday to make good its promise to the Augusta-Savannah Navigation company to provide a modern system of freight terminals at the wharf for the large barge line, and that the work be started at the earliest possible moment. Bids will be opened on July 22. Although the low freight rate depends upon the operation of the barge line, there are some members of council who have been counseling delay in providing the freight terminals. This failure has seriously handicapped the line.

Stereopticon Lecture.
The second in a series of travel lectures will be given at the Harris Street Presbyterian church tonight at 8 o'clock. Many beautifully colored pictures of the canal and canal cities will be shown. The admission is free and the public is invited.

Peaches in Chattooga.
Lyrry, Ga., July 13.—(Special.)—The peach season is on in earnest in this section, and from reports the crop is the largest in years. The Miller Orchard company, owning a large farm on Kincaid mountain, and managed by D. D. Doolittle, of Lyrry, is shipping fruit this week. All indications are that the crop is the finest ever produced in this section.

Get in Line With the Big Crowd—You Can't Afford to Be Left Out

Money spent for home-made goods means more money paid to more home employees—more money for more home employees means more houses occupied and more money to pay rent—more money for more people to buy more clothes and more provisions. It means a building up of the home community—the home state—the home country.

Kennesaw Biscuit

Is a home product—made by hundreds of home people—in a home factory. They are no higher in price than any similar product. They are fresh and crisp—the best money can buy. Ask your groceryman for them.

Aragon Shirts

Are made right here at home. Hundreds of men and women are employed in the making—but hundreds more could be employed if YOU made it a point to ask for "Aragon" Shirts, Pants or Overalls. They are the best made—and just as cheap.

Cornfield Hams

Another product growing more popular every day. Packed by a home concern which is doing much to develop our home community. It employs stacks of home people. There is nothing better than "Cornfield" Hams, Bacon or Shoulders. Ask your groceryman.

Capitola Flour

One of the largest mills in the country—right here in our midst—grinds out this popular flour. It also manufactures "MISS DIXIE" Self-Rising Flour, guaranteed absolutely pure and wholesome. Home people are employed—but they could employ more.

Red Sea Shoes

One of our big home concerns make just as good shoes as it is possible to buy anywhere. They are just as stylish and comfortable—and just as low in price. Worn by thousands—made by hundreds of our home people. Let's force them to increase their pay roll. Ask for "Red Seal."

PERSONS' VOTE DEFEATS RECOMMITTING OF BILL

Akin and Mangham Issue Statement as to Their Position on Taxing Invisible Property.

The vote of President Persons, who has a ballot only when it will make a break in the present session yesterday morning from recommitting the report of the finance committee, recommending for passage Senator Persons' bill providing a method for taxing invisible property in the state.

When the motion for the second reference of the bill to the committee was made by Senator Mangham, the vote and nay vote showed those in favor of Senator Mangham's motion to be 16 and those opposed 15. President Persons then cast his vote as "nay," thus blocking the plan to recommit the bill.

Akin's Position.
Asking for the privilege of explaining his view on the Persons amendment, Senator Akin, while admitting that he had not been misquoted in the report of his speech in Tuesday's Constitution, stated he feared that the phrasing of the article might lead some to believe that he opposed taxation of invisible property. Senator Mangham felt the same way.

As a matter of fact, it is well known among legislators and others who have followed the legislative careers of Senators Akin and Mangham that neither has ever opposed taxation of invisible property, although they both bitterly denounced the method of such taxation proposed by Senator Persons.

Senators Make Statement.
"The bill of Mr. Persons, in our judgment," said Senator Akin, "is a statement issued yesterday afternoon by a bankrupt 71 per cent of the business men and small farmers who are struggling for existence, on account of the unusual conditions which we all understand. This law would force liquidation in December by firms and individuals causing farmers and small business men who have to borrow to be at the mercy of their creditors and in many instances force them into bankruptcy."

Senators Akin, Mangham and Way agreed a minority report against the passage of the Persons bill. Senator Akin, however, made an unsuccessful attempt to again introduce a bill to repeal the Persons bill. A bill to the same effect by Senator Akin was killed in the committee.

Senator Persons' motion to have three hundred copies of the Persons invisible property tax bill printed and distributed in the assembly carried.

REPORT ON PRISON FARM WILL BE LESS DRASTIC

Committee Spends Day Probing Conditions and Noting Needed Improvements.

Stilledgeville, Ga., July 13.—(Special.)—Thirty-five legislators, composing the penitentiary committee from the house and senate, today put in a solid day examining the physical conditions existing at the prison farm. The report of this committee will not be as drastic as former reports.

The crisis in the typhoid epidemic has passed, all patients being released as convalescents. This alone is sufficient to temper the report, but adds from that committee is more inclined to give credit to the prison commission and authorities at the farm for the improvements and precautions inaugurated prior to this investigation. Many of the committee agreed that they do not see how much more could have been done by the authorities with their limited funds.

The report will recommend the following as the chief needs of the prison: A brick concrete structure for the male negro prisoners; enlarging the buildings at the reformatory to relieve the crowded condition there; building a sewerage system; installing electric lights in and around the buildings; sinking deep wells; artesian if possible, for water supply; probably building a small annex at the female building for the accommodation of the few white women prisoners.

These will be the main features of the report when completed. It will be read Thursday or Friday to the legislature by Senator Eakes, of Conyers, and Representative Dorsey, of Marietta, chairmen, respectively, of the senate and house committees.

PARTY LEAVES ATLANTA TO "SEE AMERICA FIRST"

To "see America first," 150 men and women from Florida, Georgia, and neighboring states leave Atlanta tomorrow for a month's tour of the north and west. One hundred of the tourists arrive at 6:30 o'clock from Jacksonville on the train.

Upon their return, a month hence, an automobile tour will be made of Atlanta's parks and residential sections before the party departs.

BLACK BEARD ISLANDS FOR GAME PRESERVE

Senator Way Would Have the Government Give Property to the State.

Georgia will soon possess Black Beard island, off the Atlantic coast of the state, for the protection and propagation of game, birds and animals, if Senator J. B. Way, of the second, chairman of the senate committee on game and fish, has his way. He has introduced in the upper house a resolution asking the United States government for the use of this abandoned light-house station, so that Georgia may establish there a harbor of refuge for migratory wild fowl and as a sanctuary and breeding station for other birds and game animals.

"Black Beard island" is a small island just beyond the mouth of the Savannah river, for that noted pirate, Black Beard, once so the story goes he was shipwrecked there, able to save only himself and a few of his crew. He buried his treasure of eight. He buried his treasure of eight. He buried his treasure of eight.

When the legislative wheels in the senate began to turn a little from overwork, one can see a group of senators gathering around Senator Way, who one then knows is telling some story about a hunting trip on Black Beard island. Senator Way has a story to tell, so clear that no matter how long he tells his tale of woe, he does not lose the interest of his hearers.

It is the way the senator describes it. "It is 10 miles long, 3 or 4 miles wide, and I've seen 'em kill thirty or forty deer there in one day's hunt. It's the greatest place I know of for migratory ducks, deer, turkeys and fowl—their greatest place on the coast."

The island lies off the coast between Savannah and Brunswick. Between Black Beard island and Maybank county, and St. Catherine island, of Liberty county, there is a deep channel and Georgia could rent the island and the channel for more than enough money to pay for the purchase of the island. The island is covered with pine and oak timber.

Under State Game Warden.
"I have requested our representatives to secure this island for our state, so that it can be placed under the jurisdiction of our state game warden. If that is done, Georgia, although now nearly barren of game, can be stocked from this reserve."

Even under our present game laws, which are still far from perfect, the coast counties of Georgia have increased 100 per cent in the amount of deer, turkey and game. The laws there, the enacting of those laws, there has been appointed a joint committee from the house and senate, and a subcommittee, of which Senator Akin is chairman, is now working on the perfection of these laws. If we can just get the Black Beard island now, Georgia hunters will have some good game.

One Bill Is Similar to Persons Measure to Discover and Tax "Invisible Property."

The ways and means committee of the house, Mr. Jones, of Coweta, chairman, considered Tuesday afternoon three bills designed to amend the equalization tax law.

The most important of these amendments was similar in intent to the Persons bill in the senate, which provides for the discovery and equal taxation of invisible property. This house bill was referred to a subcommittee, consisting of Messrs. Cooper, Green and Miller, pending the session upon the Persons bill, for which, it is believed, it is intended to arrive at a substitute.

The method of proving that the tax has been paid upon such property as provided by the house bill, is for the owner to present to the tax equalizer a list of such property, which list shall be marked paid by the tax equalizer.

The bill of Mr. Blackburn, of Fulton, amending the act so that county ordinaries shall be authorized to appoint a third arbitrator in cases in contest before local boards, was recommended to pass.

The committee passed unanimously upon a bill of Beck, of Carroll, to amend the act relating to the state tax collector, who is now appointed by the governor, shall be elected by the vote of the people.

SUFFRAGE LOSES IN FIRST ROUND; BILL IS TABLED

Senator H. A. Boykin, of the seventh, is an able and a remarkable lawyer; save for a little bald spot on the top of his head, he has been considered—until yesterday afternoon—a social lion with the ladies. He has now incurred the wrath of all Georgia women suffragists, by moving yesterday afternoon in the senate committee on constitutional amendments, to table the woman suffrage bill indefinitely. His motion carried unanimously, amid subdued laughter.

This is the first action that the present legislature has taken on the question of female voters. The fair sex had a difficult time in securing some senator to introduce the bill, finally persuading Senators Dobbs and Buchanan to be father to their bill. The proposition, however, enjoyed but a ephemeral life, and the legislation is now buried. Can it be resurrected?

MANY ENJOY PLUNGE IN POOL AT Y. M. C. A.

The premature arrival of the sultriness of dog days has caused several hundred Atlantans to take advantage of the aquatic sports at the "Y" at the special low rate now offered. The association, however, now announces that they will discontinue this rate on July 15 and urges all who wish to take a daily plunge in the pool or enjoy a shower for the sum of \$3 for three months to call at the association's office before that date. Those joining will also have the advantage of being taught swimming and physical education by competent instructors.

Decatur's New School.
Work will begin shortly on the proposed new public school building of Decatur for which \$15,000 bonds were recently voted. The building will be constructed by the labor, under the supervision of Superintendent W. P. Rhin.

It will be ready for occupancy on about January 1, 1916, and will be the third modern school structure for Decatur.

BILL WOULD PROVIDE TEACHERS PROMPT PAY

Committee Reports Favorably on Bill to Increase the Tax Rate Quarter of Mill.

The house committee on ways and means Tuesday afternoon recommended for passage the bill of Messrs. Jones, Coweta, Leitcher of Polk, and Swift of Muscogee, authorizing the governor and comptroller general to assess a tax of 1-4 of one mill in addition to the assessment for the necessary current annual expenses of the state, the extra assessment to be for the purpose of meeting the deficit in the state treasury. The report of the committee that the bill do pass will be made to the house today.

The object of this bill is expressly that of paying the back salaries due school teachers and placing the state upon a basis where it can, in future, meet these payments promptly. The state is now one year behind in its payment of the teachers.

The constitution limits the tax levy to five mills, or such part thereof as the governor and comptroller general may find necessary for the current expenses of the state. For many years, until 1914, the entire levy of 5 mills was used. The appropriation of more of the state last year were held to a point that the levy of 5 mills could not be made. The passage of this bill would, therefore, leave yet a margin of 1-4 of a mill, unless the appropriations this year run above the 4 1/4 mills of last year.

There have been already several bills introduced both houses of the assembly looking to solving the problem of prompt payment of the teachers, most notable of which so far, perhaps, have been the bill of Mr. Walker and others providing for the levy of the governor and comptroller for the advancement of funds other than those of the state.

Tifton Parson Resigns.

Had Pellagra; Is Now Well

Ringgold, La.—Mrs. S. A. Cotter, of this place, writes: "Will say that I am perfectly well and the happiest soul on earth, and my little pellagra sufferer could know of your great remedy. I know how to appreciate health and sympathy with those that are not so blest as I. Am growing stronger, gaining in weight and can do anything I ever could. Oh, I know I am well of that horrible disease, my heart is full of rejoicing, I feel that I have come out of a dense cloud into the blessed sunshine. God be praised! He has saved my life for some good, and I feel that I have just begun to live."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn; skin peeling off nose, mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

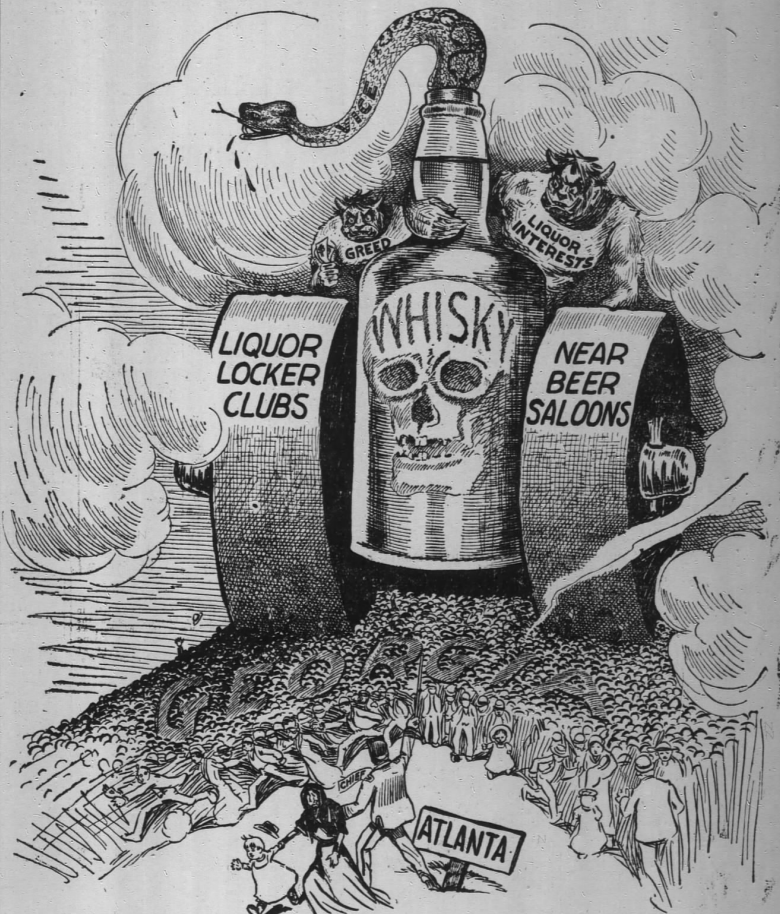

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy that has at last been found. Address American Compounding Co., Box 2003, Jasper, Ala. Remembering money is refunded in any case where the remedy fails to cure.—(adv.)

MEN AND RELIGION BULLETIN No. 184

You Will Fight Lawlessness

"We wrestle not against flesh and blood, but against the ruler of the darkness of this world."

Eph. 6:12

YOU SAW—

Tuesday morning's paper said—

"COUNCIL will ignore the resolution of the Sunday mass meeting."

Tuesday afternoon's paper remarked—

"THOSE who watch police board politics are freely asserting that a majority of the board are now against CHIEF BEAVERS, and that sooner or late they will vote to remove him from his position as head of the DEPARTMENT."

UNTIL SHOWN, we must believe both papers mistaken.

THE LAW places upon the Mayor and Council the duty of passing upon applications for licenses to run HOTELS, SALOONS and LOCKER CLUBS to enable those officials to prevent law-breakers from getting a license under which to cloak LAW-BREAKING.

The Mayor and Council of Atlanta have licensed law breakers who are liquor dealers. More than 1,800 citizens have requested that the licenses be revoked, pointing to the EVIDENCE given by the MAYOR.

WE cannot believe the request will be ignored.

MAYOR AND COUNCIL cannot license criminals and coolly say—

"It is up to the Chief of Police."

What of the Chief?

AND what of those who are throwing every obstacle in his way, hampering him at every step BECAUSE the Chief of Police believes that there is, and should be, ONLY ONE LAW for all?

He but expresses the thought of Georgia.

ATLANTANS AND GEORGIANS hold that neither money nor position should give a man IMMUNITY from punishment FOR CRIME.

RICH OR POOR, one law for all!

THE CHIEF will win in the end, but can you leave him to fight YOUR BATTLE alone? COULD you look your Maker in the face IF YOU were a party to the disgrace of TRYING to surrender Atlanta and Georgia to THIS MACHINE with its crew and its poison-spitting snake? YOU, too, will fight THE THING.

Until the legislature takes off its wheels it is a menace to all.

Think of the women and children crushed—the agony of those who should know only love!

YOU will stop THE MACHINE.
